

i-STAT[®] 1 Wireless:

Maximizing Efficiency in Point-of-Care Testing

i-STAT 1 Wireless expedites the availability of diagnostic information to accelerate patient care decision-making

For *in vitro* diagnostic use only.

i-STAT 1 WIRELESS

Model : 300 W

Abbott
A Promise for Life

Integrated Wireless Capability Optimizes the Value of Point-of-Care Testing

The benefits of *i-STAT*, seamlessly integrated with your wireless network

Easy to integrate with Electronic Medical Records (EMR)

- Test and transmit from the bedside
- Push button or auto-transmit capability
- Employ real-time sharing of test results with broad clinical teams and caregivers

Fast and accurate

- Accelerates patient care decisions
- Provides lab-quality results in minutes
- Offers comprehensive menu of tests

Flexible

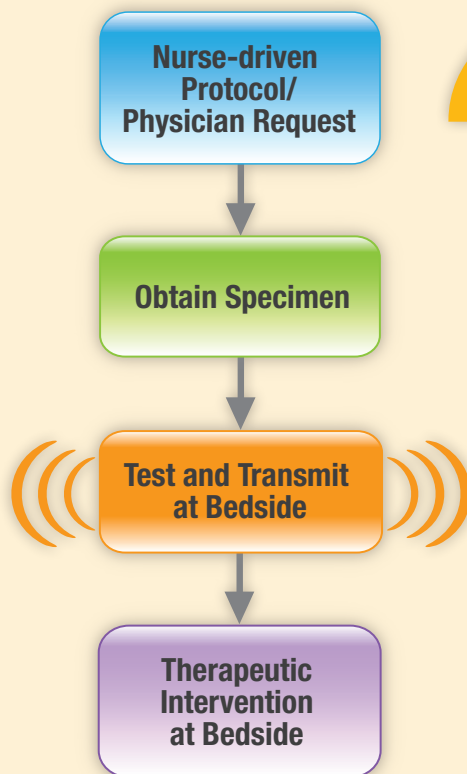

- Allows clinicians to make informed decisions from bedside or anywhere EMR is available
- Empowers nurses to remain at bedside
- Enables mobile, real-time result transmission

(((i-STAT¹ WIRELESS)))

Streamlined Process Advances Operational Efficiency

i-STAT 1 Wireless simplifies the testing process from bedside to EMR to treatment decision

Efficient

- Improves process
 - Enhances predictability that test results are in the EMR in real time
 - Facilitates fast, informed treatment decisions
- Reduces logistic hurdles and saves time
 - Less back-and-forth from downloader to patient bedside
 - Dock can become recharger and be placed conveniently near power jack

Ongoing Innovation in Point-of-Care Testing

*i-STAT 1 Wireless** is designed for ease of use

Simple

- Fully integrated, wireless technology
- Does not require communication via Bluetooth
- Clearly displays data in large type
- Ergonomically designed, soft keys for reliable data entry

Compatible

- Designed to be compatible with 802.11b and 802.11g wireless networks
- Integrates with your existing POC data manager
- Can be interfaced with major LIS vendors

Supported

- The APOC team partners with you to ensure smooth and successful implementation
- The Technical Support Center is available 24 hours a day

To learn more about the *i-STAT 1 Wireless System*, or to learn about our other technology, process, and service innovations, contact your Abbott Point of Care Representative or visit www.abbottpointofcare.com

*i-STAT 1 Wireless is not available in all regions. Check with your local representative for availability in specific markets.

For *in vitro* diagnostic use only.
